

# Charged

A new group promoting positive social change!

2 Timothy talks about this time before Jesus returns as being full of personal struggle. Paul warns us to anticipate troubles in this world in the situations we will have to navigate and the people we will encounter.

But 2 Timothy also give us a charge, an assignment, a hope, an electrifying, rousing stirring to be different.

He charges us to learn and grow, to be disciplined, to live with purpose and faith, to exercise patience, to extend love, to practice perseverance, and then to endure hardships and suffering with confidence.

Students who attend CHARGED will receive interactive support which focuses on the gifts mentioned in 2 Timothy 3; learning/self-growth, discipline, purpose, faith, patience, love, perseverance, and enduring hardship. CHARGED helps students to slow down their reactions to situations and struggles, identify their own emotions, develop an understanding of others', and live a life of intention and godly purpose.
