**To assist with organization, we have broken down supply list by subject matter and have designated a color for most subjects. While this may not be helpful for all students, it can be a great tool for others. If possible when purchasing supplies, please try to purchase according to the color (folder/notebook) outlined below. If you choose to use another organization system (binders/ trapper keeper), please assure that students can locate needed supplies easily and manage such on a daily basis.*

**All notebook paper should be wide-ruled to better assist with note-taking and handwriting placement.*
