

St. Peter

Lutheran Church & School

Back when you were in Elementary school, you probably remember sitting in a neat row of single desks... Well today, there's a new, more collaborative and engaging way of learning in the classroom, and St. Peter is embracing this innovative change!

Through the generosity of our church, school, and alumni families, we've been able to furnish 8 of our classrooms with collaborative learning desks and chairs. We're excited about the educational environment these classrooms are already providing!

We currently have two classrooms in our primary wing that need to be furnished with these updates, and this is where you can help!

Our goal this Christmas season is to gift these two classrooms with all new collaborative learning environments. You can contribute in a very practical way by donating one or more desks or chairs:

- Donate a desk - \$250 each (50 needed)**
- Donate a chair - \$75 each (50 needed)**

[Donate a Desk or Chair Now](#)

Our goal is to get all of the needed chairs and desks funded for the start of 2018!

This Christmas season, please consider supporting St. Peter and our students through a special gift to this initiative!

Whether you give a chair, a desk, or 10 desks, we appreciate your support!
